„Regionalny Program Operacyjny dla Województwa Dolnośląskiego na lata 2007-
2013”

Priorytet 1 Wzrost konkurencyjności dolnośląskich przedsiębiorstw

Działanie 1.1 Inwestycje dla przedsiębiorstw

Schemat 1.1.A2 Dotacje inwestycyjne dla MŚP wspierające innowacyjność
produktową

i procesową na poziomie przedsiębiorstwa (z wyłączeniem projektów z zakresu
turystyki)

Tytuł projektu: Podniesienie konkurencyjności firmy Moneva Polska Sp. z o.o. z
siedzibą w Świebodzicach poprzez zakup nowoczesnych maszyn i urządzeń oraz
informatyzację przedsiębiorstwa.

Please send us the offer for **EVAPORATOR – TECHNOLOGICAL PROCESSES
WASTE WATER CLEANING INSTALLATION**

General requirements: Technological processes (casting/machining) waste water
cleaning installation of distillation capacity 300 l/h.

Apart from description of general equipment the offered device shall include the following:

- Complete documentation in Polish language
- Display language on the control panel - Polish
- Minimum noise level
- Minimal power consumption
- Guaranteed level of clean water recovery
- Automatic installation cleaning system
- Aluminium sludge filtration before starting the evaporation
- Flow meter (in and out)
- Guarantee
- Lead time – 6.2010 CIF Świebodzice Polska
- Price in Euro
- CE certificate

The following criteria shall be taken into consideration when supplier will be chosen:

1.	Price	30
2.	Power consumption	20
3.	Noise level	20
4.	Potential level of clean water recovery	30
5.	Reaction below 24h (in case of break-down)	10
6.	Payments conditions	10
7.	Patents/Innovations	10
8.	Service online	10
9.	Guarantee	20

The estimation will be based on multiplying the numbers of points settled above with the number of points coming from comparison between the offers

Example

The offered price of company X is lower than company Y.

The company X receives 60 points (as $2 \times 30 = 60$)

The company Y receives 0 points (as $0 \times 30 = 0$)

When the offered prices are the same the number of points received is also the same, in this example each receives 30 points.

Please include the technical description.

It would be great to receive the description of innovative and cost savings solutions implemented in the device as well as it's influence on the environment.

The device has to comply with current EU safety standards

The offers shall be sent by post or by mail to Moneva Polska seat:

Ul. Przemysłowa 4
58-160 Świebodzice
Poland

till 22.04.2010, at 17 o'clock in Polish (additional 10 points), or English (additional 5 points) or other language.

Attention:

If no offer is delivered on time or there is less than 2 valid offers, the procedure regarding the supplier selection shall be invalidated and repeated.
