Regon: 891138010

Świebodzice 15.09.2009

## **ENQUIRY**

Due to being chosen for refund in accordance to polish program:  
„Regionalny Program Operacyjny dla Województwa Dolnośląskiego na lata 2007-  
2013”

Priorytet 1 Wzrost konkurencyjności dolnośląskich przedsiębiorstw

Działanie 1.1 Inwestycje dla przedsiębiorstw

Schemat 1.1.A2 Dotacje inwestycyjne dla MŚP wspierające innowacyjność  
produktową

i procesową na poziomie przedsiębiorstwa (z wyłączeniem projektów z zakresu  
turystyki)

Tytuł projektu: Podniesienie konkurencyjności firmy Moneva Polska Sp. z o.o. z  
siedzibą w Świebodzicach poprzez zakup nowoczesnych maszyn i urządzeń oraz  
informatyzację przedsiębiorstwa.

Please send us the offer for **DOSING FURNACE**

General requirements: Dosing furnace for aluminium alloys, with the charge size 900-1000kg, electronic supply, temperature control, dosage error +/- 2%, flexible levelling.

Apart from description of general equipment the offered device shall include the following:

- Display language on the control panel - Polish
- Complete documentation in Polish language
- Control panel in color - RAL 7035 light grey
- Interface to the pressure diecasting machine:
- Training in Świebodzice
- Guarantee
- Lead time – 11.2009      CIF Świebodzice Polska
- Price in Euro

The following criteria shall be taken into consideration when supplier will be chosen:

1.	Price	30
2.	System visualization in polish	10
3.	Reaction below 24h (in case of break-down)	10
4.	Spare parts delivery till 12 h	10
5.	Compatibles with existing machine park	20
6.	Visual display on the control panel	15
7.	Service cost price/hour	10
8.	Guarantee	15
9.	Patents/Innovations	5
10.	Payments conditions	15
11.	Minimal dosage error	10

The estimation will be based on multiplying the numbers of points settled above with the number of points coming from comparison between the offers

#### Example

The offered price of company X is lower than company Y.

The company X receives 60 points (as  $2 \times 30 = 60$ )

The company Y receives 0 points (as  $0 \times 30 = 0$ )

When the offered prices are the same the number of points received is also the same, in this example each receives 30 points.

Please include the technical description as well as the method of cleaning the device.

Please include the description of innovative and cost savings solutions implemented in the device as well as it's influence on the environment.

The offer has to include the layout – drawing with main dimensions and size of the furnace.

The machine has to comply with current EU safety standards

The offers shall be sent by post to Moneva Polska seat:

Ul. Przemysłowa 4  
58-160 Świebodzice  
Poland

till 25.09.2009, at 14 o'clock in Polish (additional 10 points), or English (additional 5 points) or other language.
